Agenda

- Susan Whalley from Enough Abuse
  - Child Sexual Abuse is a [silent epidemic](#) and a public health problem, devastating so many lives. How can we as a school system take the helm in our community to protect the vulnerable? At our next Wellness Committee meeting, Susan Whalley and Chris Morin of the Enough Abuse Campaign will be here to describe the nature and prevalence of child sexual abuse and how we as educators, parents and students can create a safety-net by deepening our own awareness.

This 30-minute presentation will provide an overview of the variety of workshops offered, and tools available for parents, students and faculty.

This is a follow-up to the well-received workshop for our school nurses last fall.

- Questions related to the shared [Health Curriculum document](#)?
- Review of proposed changes to sections 1 and 2 of the Health and Wellness Policy
- Open discussion
